## Build a Turkish bath- Hammam for your home, creating a wellness corner in your own home, to relax completely from 1900 eur/m2

*The project of a **Turkish bath for the home** immediately calls the atmosphere of a mini home SPA to your mind, where water is present in all its forms and heat plays a part in its transformations. A Turkish bath for your home enables you **to have a small corner of well-being in which to relax completely, forgetting the passing of time, and leave behind the stresses of everyday life.** In a Turkish bath for the home, you are enveloped in a cloud of steam, where your body benefits from total purification. Hammam price from 2500 eur/ m2*

## ***Individual design special for you Build in SAUNA from 850 eur/m2***

*We know that every person is an individual with his/her own needs, therefore we search and realize orders that suit you. As though the most needed products are produced from aspen, alder and conifer, we are ready to fulfill your dreams about saunas and houses, made of other types of timber. We examine wishes of every client individually and realize them in life!*

## ***Production and trade of sauna accessories and wood materials***

*An integral part of sauna – various accessories, for example, chairs, tables, scoops for saunas, headrest, clothes and towel hooks. If you already have sauna, then choose some of these ecologically natural accessories from wood. If you wish to build sauna with your own powers, we can help you by offering our high-quality wooden materials (from aspen, alder, lime tree, ash tree, maple, pine, whitewood and others)*

## ***Our purposes***

*We wish every minute, spent in sauna or garden house, to provide satisfaction of having a great time. Therefore we entirely apply all our knowledge and work, in order to make final result high-quality, functional, and aesthetically attractive.*

## ***Quality***

*These are professionals who work in our company - experts working with high-quality ecologically clean materials. Experience and knowledge of producers of saunas and houses are whole-heartedly put into every order that provides high quality of a desirable product.*

## ***We provide full-fledged service to let you enjoy the result***

*We know whole process of sauna production from A to Z; therefore, quality set-up is an integral part of our services. Even if due to some reasons you decide to make an installation work by yourselves, it will not create any problems. The construction is made according to the most modern technological tendencies in order to perform the work in convenient and effective way.*

## ***Installation and renovation***

- *We not only produce bathhouses, wooden garden houses and modular houses, but also we offer quality installation and necessary maintenance,*
- *We offer performance of installation and renovation works of your bathhouse or building (regardless of the name of a producer of a building),*
- *We offer modernization of your bathhouse, according to modern technological tendencies.*
